Indian food in Cambridge/Boston is nothing to brag about (compared to NYC and Chicago, for example). But some of the dishes at Kebab Factory are passable. For example, the Chicken Biryani and Kali Mirch Chicken Kebabs.

I'm always in search of the best  
Indian buffet around, and Kebab  
Factory is the current title holder for  
me in the Boston area. Their buffet is  
always fresh and well stocked with a  
wide variety. On the days when they  
do shrimp tikka masala, it's  
absolutely top shelf. The kebabs  
also are excellent.
